

VersaSlide® Retrofit Kit Parts & Instructions

24", 27" or 36" Deep Units

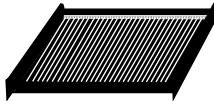

PARTS LIST:

- 1) Shelf Frame
- 1) Glide Sheet to cover shelf frame
- 8) Dividers - used to separate product
- 1) Curved Plexi - fits into channel in front comb

Step 1: Remove shelf and parts from box.

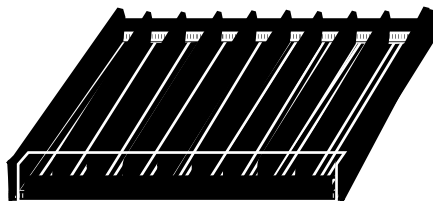

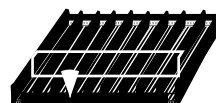

Step 2: Lay glide sheet on top of shelf frame.

Step 3: Insert dividers into front comb, then into rear comb, keeping them parallel to sides.

Step 4: Press Plexi down into front comb channel, with curved top facing product.

Finished Retrofit Shelf
