PrestigeGuard™

THE PERFECT SOLUTION FOR
SECURING HIGH COST MERCHANDISE
WHILE HAVING THE ULTIMATE MERCHANDISER

High theft merchandise needs to be stored under lock and key, but also needs to have the ultimate in visual impact to maximize sales opportunities.

Maximize security of merchandise

Designed to ensure the ultimate in security with a 3-point locking system, fingertip handles, concealed hinging system, steel cabinet, and 360-degree overlap on each door.

Enhance the shopping experience

Back-lit rear LED panel and door mullion LED lighting will maximize product display and enhance the shopping experience.

Multi-purpose design

Designed with 1" increments of adjustable shelving to allow for any type or size of merchandise.

Prevent smash and grab theft and maximize merchandising today.
