# Versa<sup>®</sup> EggMoover

With the **Best Glides Ever** technology

### THE MOST TRUSTED EGG MERCHANDISER IN THE GROCERY INDUSTRY

The Versa<sup>™</sup> EggMoover is constructed of heavy duty coated shelves, with the industry leading patented Best Glides Ever<sup>®</sup> glide sheets, reducing friction and ensuring maximum flow. Designed with minimal surface area to prevent build-up created by leakage, it adds to cooler sanitation while providing an attractive display.

#### Increase sales by maximizing shelf space

Designed to utilize the full width of your doors, adding up to 15% more facings for easier brand identification.

#### Decrease waste

Automatic first-in-first-out product rotation minimizes waste in the dairy cooler by having older products in a sellable position, helping to manage product expiration dates.

### Increase customer experience with improved cleanliness

Built with a spill management system of glide sheets and drip trays for minimized cleanup time.

#### Customizable

Built to your exact spec and plan-o-gram to eliminate setup time, the dividers are adjustable in 1/8" increments to adapt to any future product configuration and any package size.

### **UPGRADE YOUR DAIRY COOLER**

Increase sales in the most profitable section per square foot in a grocery store by maximizing your existing cooler space. The Versa<sup>™</sup> EggMoover is built to last and will pay for itself within 8 months through increase sales, decreasing labor, and enhanced customer experience.
